

Donor Tile Template

2019 Capital Campaign – Your gift will be used to fund the necessary upgrades to the Infrastructure and/or toward projects to enhance services for all who visit UBarU.

Now is the time to choose your tile from a previous qualifying gift, as an upgrade for an enhanced previous gift, or as a new gift perhaps memorializing a loved one.

Your generosity in support of UBarU will be acknowledged in a warm and personal way with a terra cotta tile bearing your name or the name of a loved one. These handmade, hand inscribed tiles will be displayed in the D&MB Center. Each tile will endure as a permanent part of this splendid residence center.

To create your tile

fill in the blocks with letters that read exactly as you wish the inscription to appear. Leave a space between names, and before and after “&”. The tile dimensions are shown as length x width. To use one of the offered logos on you tile, put the name of the logo in “” on the first line of your appropriate text box. The logo counts as two lines of text.
